

Mental Math

Grades 3-6 • Mental math strategies including doubles and make-ten

Name: _____

Date: _____

1. Use the doubles strategy: $41 + 41$

Answer: _____

2. Use near doubles: $35 + 34$

Answer: _____

3. Use the doubles strategy: $49 + 49$

Answer: _____

4. Make ten to add: $9 + 6$

Answer: _____

5. Use the doubles strategy: $13 + 13$

Answer: _____

6. Break apart to add: $51 + 50$

Answer: _____

7. Break apart to add: $67 + 45$

Answer: _____

8. Break apart to add: $89 + 14$

Answer: _____

9. Use near doubles: $41 + 42$

Answer: _____

10. Break apart to add: $76 + 23$

Answer: _____

Answer Key

1.	Use the doubles strategy: $41 + 41$	82
2.	Use near doubles: $35 + 34$	69
3.	Use the doubles strategy: $49 + 49$	98
4.	Make ten to add: $9 + 6$	15
5.	Use the doubles strategy: $13 + 13$	26
6.	Break apart to add: $51 + 50$	101
7.	Break apart to add: $67 + 45$	112
8.	Break apart to add: $89 + 14$	103
9.	Use near doubles: $41 + 42$	83
10.	Break apart to add: $76 + 23$	99
